

Call sent to all on 3/15/2020

Good evening. Monongalia County Schools wants to make sure that we communicate with you as each day unfolds during this time. There will be a lot of questions – and as time goes on – we will address them. For now, it's a day-to-day, 1 week at a time, scenario as you know. This week, March 16-20 students do not report to school but do Arctic Academy lessons at home. Teachers will be available via email/Schoology/class dojo or other school-specific electronic means to assist students from 9a-3p. All high school students – remember to start the week with EVEN assignments. If your child gets stuck – don't stress. Move on. It can't be said enough to follow CDC recommendations of washing hands, not touching your face, and social distancing. Please stay healthy. Stay hydrated. Thank you
