

Good Afternoon Monongalia County. We have several things to let you know.

We are so proud of our students and staff! Thank you to all our staff members who are doing all they can to make sure that our students and their families know we are here for them! These are stressful times. We want students to keep up doing all they can to get assignments completed. If they have questions reach out to the teachers. We want you as families to not stress over this. Take time to make sure that you focus on the health and well-being of you as a family! Our Governor yesterday declared that schools will remain closed through at least April 17th. And finally, I'd like to thank all the volunteers who have helped continue the lunch program. Today was our first day with Monongalia County lunches being packaged by volunteers and delivered by volunteers. Even though more was packaged than was delivered last week – we still ran out of food. We thought we had plenty but obviously didn't. For that we apologize. And also remember these are volunteers who are making these deliveries. From here on out parents must complete a form that will be posted on our website. Please stay safe and follow those CDC recommendations. I hear teachers and administrators constantly saying how they miss their students. Know you are all missed – students, families, and staff! Stay Strong. Stay Mon County Strong! Thank you
